| Class Location: | First Baptist Church, 108 Second Avenue South, Nashville TN, Room 100 |
| Class Capacity: | 15 |
| Course Information: | |
| Speaker | Marc Garcia |
| Introduction to ACL (Beginning) | Level: Basic/Beginning. No prerequisite courses required or advanced preparation requirements. More information can be found at http://www.pia-consulting.com/acltrain.html |
| Content: | The ACL environment will be presented including navigation techniques, creating and working with ACL projects and views, and the function of the overview feature. The general topics to be covered are: ACL Basics, ACL Environment, Accessing Data, Analyzing and Understanding Data, Manipulating and Managing Data and a comprehensive class exercise. More details are available on PIA's website http://www.pia-consulting.com/introacl20.html |
| Objective: | The objective of this 2-day "hands-on" training course is to acquaint the participant with the primary features of the ACL software system in order to enable him/her to successfully perform data analysis on various types of data files. The ACL environment will be discussed including navigation techniques, creating and working with ACL projects and views, and the function of the overview feature. Data access methods will be presented and explained. Real-world exercises will include the use of the primary ACL data analysis commands including: Count, Total, Verify, Classify, Stratify, Statistics, Duplicates, Age, Sort, Summarize, Sample, Join and Export. Graphing, reporting, record filtering, and expression building will also be presented. |
| Method of Delivery: | Group Live. Laptops with ACL desktop or AX required for one session |
| CPE Available: | 16 CPE credits may be earned |
| Contact Information: | For questions, comments, or complaints, please contact Karen Stachowski at 615-741-2370 or Karen.Stachowski@ag.tn.gov Eric Philburn at 615-741-2841 or Eric.Philburn@tn.gov |

Refunds: No refunds will be issued for confirmed registrations not cancelled by the event start date. Fees, courses, and program content are subject to change without notice.

Nashville ACL User Group is registered with the National Association of State Boards of Accountancy (NASBA) as a sponsor of continuing professional education on the National Registry of CPE Sponsors. State boards of accountancy have final authority on the acceptance of individual courses for CPE credit. Complaints regarding registered sponsors may be submitted to the National Registry of CPE Sponsors through its website: www.learningmarket.org.

| Payment for non-member registration | Check payable to Nashville Area ACL User Group mailed to: PO Box 198762, Nashville, TN 37219 Payment must be received by the event date and time. Contact treasurer@nashvilleaclgroup.org |
| Class Times: | 8:00AM – 4:30pm each day |
| Day 1 | Intermediate Course: Morning Session/Lunch Break/Afternoon Session (breaks included) |
| Day 2 | Intermediate Course: Morning Session/Lunch Break/Afternoon Session (breaks included) |
| Day 3 | Intermediate Course: Morning Session/Lunch Break/Afternoon Session (breaks included) |
| Class Location: | First Baptist Church, 108 Second Avenue South, Nashville TN, Room 100 |
| Class Capacity: | 15 |
| Course Information: | |
| Speaker | Marc Garcia |
| Intermediate | Level: Intermediate ACL & Advanced Scripting—Participants should have previously completed the Introduction to ACL training course or have equivalent experience using ACL More information can be found at http://www.pia-consulting.com/acltrain.html |
| Content: | The general topics to be covered in the Intermediate class are: Scripts and Groups, Data/Record Filtering, Digital Analysis/Benford’s Law, Working with Multiple Data Files, Working with “Difficult” Data, and a comprehensive class exercise. More information is at http://www.pia-consulting.com/interacl20.html and http://www.pia-consulting.com/advan_scripts.html |
| Objective: | This is a 3.0-day course is a combination of PIA’s intermediate ACL course and Advanced ACL Scripting. It builds upon the material and subject matter presented in the Introduction to ACL training course. At the conclusion of this course, each participant will be able to: <ul style="list-style-type: none"> • Understand and successfully utilize the more advanced commands, functions and other features within the ACL for Windows / ACL Analytics software system. • Perform various script and group related operations to enhance data analysis effectiveness and efficiency. • Utilize the Fuzzy Duplicates command and related functions to more effectively identify potential duplicate records. • Understand the role ACL scripts play in developing continuous audit, continuous monitoring, and repeat analysis routines. • Develop modular scripts to process large volumes of data, requiring complex, multi-step analysis. • Develop and utilize a front-end processing routine to adjust script parameters related to exception identification and reporting. |
| Method of Delivery: | Group Live. Laptops with ACL desktop or AX required for one session |
| CPE Available: | 24 CPE credits may be earned |
| Contact Information: | For questions, comments, or complaints, please contact Karen Stachowski at 615-741-2370 or Karen.Stachowski@ag.tn.gov Eric Philburn at 615-741-2841 or Eric.Philburn@tn.gov |
